

Deer Lake Emergency Preparedness Information

Documents containing information to be used in the event of an emergency were provided to the Cuba Volunteer Fire Department in mid-2010. These documents have not been updated since. There have been a number of changes at Deer Lake. Also, it would be good to verify the existing information to make sure it's still valid. The information needed is specified on the attached form.

Our goal is to complete these updates no later than the end of 2017 and provide updated documents to the Cuba VFD. If you'd like your information updated or verified, please complete the form below and mail it to me or scan the completed form and email it to me as a .jpg or .pdf attachment, or just include the required information in an email.

My mailing address is

Larry Wiles
3010 22nd Ave SE
Rio Rancho, NM 87124
