MAY 2013

President, Jim Mangham - jmangham@wildblue.net
Vice President, John Boutz - johnboutz@gmail.com
Secretary, Marty Langelier - mlangelier@hotmail.com
Treasurer, David Robertson - robertsonair@hotmail.com

Spring Membership Meeting March 18

Allan Setzer, District Ranger for Cuba was the guest speaker. He discussed the Santa Fe National Forest Motor Vehicle Use Map (MVUM), currently available at the Cuba Ranger Station. There are two maps needed for Deer Lake, a north and a south. There will also be GPS Apps that will be available in the future. Allan also brought a handout of FAQ's and copies are available from Marty Langelier.

2013 is going to be an educational year, not a penalty year. However, a full implementation of this plan and penalty phase will be in full force at the end of 2014. *Please note that roads are considered closed unless they are marked as open. It is your responsibility to know if a road is open or closed.*

Elections

Elections were held at this meeting. Jim Mangham was newly elected, and John Boutz and Dave Robertson were re-elected. Many thanks to each board member for their service.

Lake Report

Fish have been delivered for the 2013 fishing season which started on May 11th. Purchase your fishing permits from Dave Robertson (505) 401-7215. The permit form was mailed with the 2013 HOA invoices. Make checks payable to Deer Lake Association and send to Dave Robertson at 6909 Roble Blanco SW, Albuquerque, NM 87105. Prices remain the same – adult \$16 and child \$8.

Improvements around both lakes have been made with fence repair/removal, a path for easy access to the lake for fishing on the north side, trimming, cleanup of trash, and downed trees have been cleared. Watch for the fishing docks to be in place later this season for everyone to enjoy.

A thank you to Larry Moreland and his crew from Larry's Power Saw Shop located in Cuba, NM for all their hard work at the lake, and to Jim Mangham for his help. If you need any cleanup work or tree trimming/clearing done on your lot(s) Larry is available at 575-289-3931.

Fire Alertness

We are currently at Stage 1 Fire Restrictions. Be smart and be safe.

Deer Lake Website – deer-lake.net

Check out the DLA website for up-to-date information and weather.

Newsletter

The board is considering eliminating the paper newsletter in favor of making it available on the DLA website only. This would save the cost of printing and mailing. Any comments? Let the board members know.
