Thank you to the Deer Lake Members that came out and participated in the Happy Hour at the Starkey cabin this past Saturday. It was great to have the opportunity to chat with members I have never met before along with catching up with those I hadn't seen for a while. This event had close to 30 attendees. It was great to see all these fun smiling faces!!

A very special thanks is also in order for our hosts, Robert and Rosie Starkey. Thank you for opening your cabin to us so we could all gather as a community. The food you provided was wonderful and the hospitality was amazing!

If you haven't come to a DLA event this summer, you still have an opportunity to participate at the Flag Raising Ceremony and the Labor Day Picnic. There are tentative plans to have events in late September/early October as well, details will be forthcoming if they come to fruition. If you also would like to host an association event at your cabin or have ideas for future events please let me know and we will work together to make it happen!!

Below are a few pictures of all the wonderful people that came out for Happy Hour!

Thank You,
Krystal Rodriguez,
DLA Secretary
